The Stewards, eventually in conjunction with the Multi-Role ones quoted in the Race Director's Document no. 1, having received a report from the Race Director, after consulting with him, they have considered the following matter and determine the following:

No / Driver	88 - Pierluigi Trani
Competitor	Williams
Time	22:00
Session	Race
Fact	The driver of Car 88 failed to brake in time due to an hardware failure at Turn 1, Lap 1 and caused a collision.
Offence	Breach of article 7.2 ATOM F1 2021 Regulations Failure to follow the Requirements quoted in article 2.3 ATOM F1 2021 Regulations
Decision	Fine of 3 points on Driver's Championship (2 points imposed on Driver's Super Licence, total of 4 in the 12-month period)
Reason	The Driver of Car 88 had a problem with the accelerometers and nevertheless decided to take part to the event. In doing so, his hardware failed to perform correctly and the Driver caused damage to other cars.

As article 2.3 states, "The person having charge of an entered car during any part of an Event is responsible severally [...] for ensuring that the requirements are observed", as these situations could worsen over time, for the next event it would be advisable to better check the connections and / or any faults in the control systems, also because the other drivers' race was compromised.

The Stewards have deemed it appropriate to sanction this neglect by removing 3 points in the Driver's Championship to the Driver, in accordance with Article 32.2 of the Code.

By observing the overall conduct of the driver (also in the previous races), the Stewards also opt to accruit points of the Driver's Super Licence.
