
ATOM F1 EASYFIX BRAZILIAN GRAND PRIX
23 May 2022

From	The Race Director	Document	3
To	All Officials, All Drivers	Date	24/05/2022
		Time	17:40

The Stewards, hearing from the Race Director, considered the following matter and determine the following:

No / Driver 74 - Raoul Baldan

Competitor Haas

Session Race

Fact During the Race, at Lap 13 (at 22:03, 22:06 and 22:07) the Driver was called by the Race Director, being ordered to leave the session due to heavy lag.

Offence Breach of Article 22.3 of the ATOM Regulations
Failure to observe the Race Director orders
(right of the Race Control under Article 11.3.1)

Decision The Driver is disqualified from the Race Results
(5 points imposed on Driver's Super Licence, total of 15 in the 12-month period)
The Driver is subject to a 1-race ban due to the excess of the Penalty Points.

Reason The Driver was heard by the Stewards and by the Race Director. He admitted that he did not purposely follow the indications, because he was trying to resolve the problem.

The Stewards judge that the first Race Director's order sent out at 22:03 on the radio shall be considered definitive as per what contained in Article 11.3.1, in-towards the other calls made to the Driver, just one order (the first one) was sufficient. The Race Director tried to call the Driver three times to invite him to leave the session, exercising Article 12.6. The Driver did not respect the order, continuing the race and ignoring the calls, failing to comply with Article 12.6. The Driver was reported lagging and caused confusion to the other competitors.

The Driver ignored Race Control deliberately and such behavior shall be considered unacceptable. The Stewards are being left no option but imposing the disqualification, in accordance with Article 32.2.8.

As an ancillary sanction, the Driver is required to skip the next race, following Article 3.3 of the ATOM Regulations.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with articles 32.8 and 32.9 of the ATOM F1 2021 Regulations, within 7 days.
