ATOM F1 ADVER EMILIA ROMAGNA GRAND PRIX 10 October 2022

From	The Stewards	Document	7
To	All Officials, All Drivers	Date	19/10/2022
		Time	12:45

The Stewards, hearing from the Race Director, considered the following matter and determine the following:

No / Drivers 74 - Raoul Baldan and 15 - Simone Gallo

Competitor Haas, Ferrari

Session Sprint Qualifying

Fact Car 15 was significantly flanking Car 74 while being on the apex of Turn 6. Car 15 was pushed off by Car 74 and quickly re-joined the track colliding with Car 74.

Offence Alleged breach of sub. Article 17 of the ATOM Regulations

Decision No further action.

Reason The Stewards reviewed the incident with the available video evidences.

The Stewards deemed appropriate to judge this very episode as an unfortunate situation.

Should a car leave the track (even if pushed off by another), it may re-join when the space is available. In this situation, Car 74 should have done a potentially-erratic move to the right, which was reasonable to address in a dry track, but - in the opinion of the Stewards - not in the wet. Furthermore, the left-rear tyre of Car 74 slipped on the kerb not providing the grip for a right turn.

Having considered that the incident happened during lap 1, and that both cars have breached the regulations (Car 15, article 17.4, Car 74, article 17.13) the Stewards all agree about considering no driver predominantly to blame.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with articles 32.8 and 32.9 of the ATOM F1

2021 Regulations, within 7 days.
