## ATOM F1 UNITED STATES GRAND PRIX

### 14 November 2022

---

<b>From</b>	The Stewards	<b>Document</b>	4
<b>To</b>	All Officials, All Drivers	<b>Date</b>	16/11/2022
		<b>Time</b>	20:35

---

The Stewards, hearing from the Race Director, considered the following matter and determine the following:

**No / Drivers** 81 - Ivano Pavan

**Competitor** Haas

**Session** Race

**Fact** The Driver caused a collision with Car 61 causing it to retire

**Offence** Breach of Article 12.2

**Decision** Driver is required to start from the back of the grid at the next event (5 penalty points imposed, total of 9).

**Reason** The Stewards received a complaint from Car 81 regarding a penalty automatically imposed by the game. The stewards analyzed the facts and, as stated in the Regulations for this championship, determined that no in-game penalties will be removed.

During the analysis, the Stewards determined that car 81, after losing the car at turn 18, rejoined unsafely and caused a collision with Car 61, forced to retire. The Stewards determined that this behavior has to be seriously penalised and imposed a back of the grid start penalty for the next event.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with articles 32.8 and 32.9 of the ATOM F1 2021 Regulations, within 7 days.
